CULTURAL ACTIVITIES AT SSC

A wide range of cultural activities and visits by well known personalities are on Salisbury State College's Program Board Schedule this fall, the College has announced.

Heading the calendar will be Shakespeare's famed, "As You Like It", on September 22 by the Shakespeare Company of San Francisco.

Also scheduled are the Baltimore Symphony Orchestra, sponsored by the Eastern Shore Symphony Society, on November 18, and the Roger Wagner Chorale on October 9 and Pianist David Bar-Illan on November 21, both sponsored by the Community Concert Association.

Other well known personalities include: Charlie Byrd in concert on November 12, and Julian Bond, Georgia Legislator, on October 2.

In addition, Roten Gallery Art exhibition is set for October 10, and the following art shows — Lighthouses of the Chesapeake, Five Maryland Artists and Ben Shann.

The International Film Series, which began at Salisbury State last year, will continue. On the repertoire will be the following:

On September 15 THE DECAMERON, Pier Paolo Pasolini (Italy, 1972); On September 29, DIARY OF A SHINJUKU THIEF, Niagisa Oshima (Japan, 1968); on October 6, CHIMES AT MIDNIGHT, Orson Welles (Great Britain, 1966); on October 13, AN EVENING WITH BUSTER KEATON AND DOUGLAS FAIRBANKS, SR.—at 7:30 P.M. SEVEN CHANCES, Buster Keaton (U.S.A., 1925) and at 9:00 P.M. THE BLACK PIRATE, Douglas Fairbanks, Sr. (U.S.A., 1926); on October 20, SAVAGE MESSIAH, Ken Russell (Great Britain, 1972); on November 17, THE CINEMA OF JOSEF VON STERNBERG — at 7:30 P.M. MOROCCO (U.S.A., 1930), and at 9:00 P.M., AN AMERICAN TRAGEDY (U.S.A., 1931); and on December 8, BRINK OF LIFE, Ingmar Bergman (Sweden, 1957).

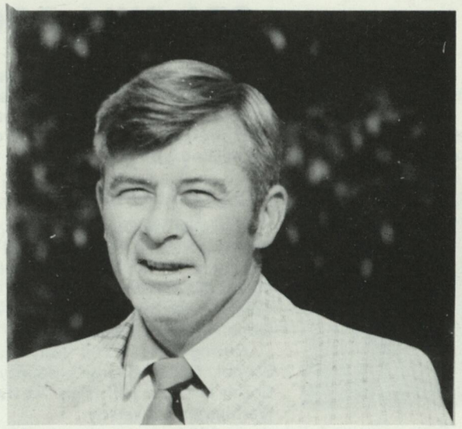
OPEN FRIDAY 'TIL 9

SALISBURY'S PRESIDENT



Dr. Norman C. Crawford, Salisbury State's fifth president, has overseen many of the progressive changes on the campus during the past four years. Since his arrival in 1970 enrollment has almost tripled with more than 3100 students taking courses this fall.

Dr. Crawford holds a B.S. in Education and M.Ed. degrees from Rutgers University and his Ph.D. degree from Northwestern University. He served as an officer in the U.S. Navy for four years during the Korean War, both as Navigator on a destroyer and as instructor in Nautical Astronomy at the Naval Officer Candidate School.

Much of his professional career has been directed toward expanding higher educational opportunities, particularly for the financially disadvantaged. He has been a financial aid and admission officer at Rutgers, Director of Examinations of the College Entrance Examination Board, a specialist in higher education with the U.S. Office of Education and for five years served as Scholarship Director of the National Merit Scholarship Corporation. His research and publications contributed significantly to the establishment of the federally funded Educational Opportunity Grants Programs.

Dr. Crawford lives on the campus with his wife, Garnette, and two daughters.

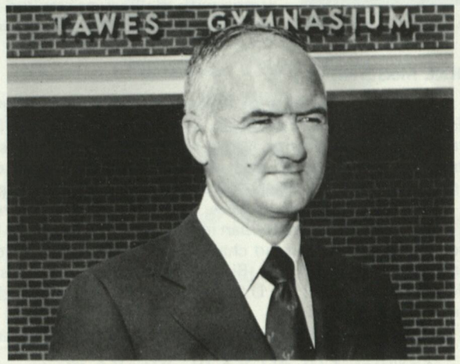
CHAIRMAN OF THE PHYSICAL EDUCATION & HEALTH DEPARTMENT

Dr. K. Nelson Butler joins the Salisbury State faculty this year as the Chairman of the Department of Physical Education and Health. He comes to Salisbury after spending the past six years teaching and doing research at the University of South Florida, Tampa, Fla. While there, he served as Director of the recreational sports program, and Associate Professor of Leisure Studies, College of Social Sciences.

Dr. Butler is a graduate of the University of Tampa. He was awarded his M.A. at Appalachian State Teachers College, Boone, N.C., in 1963 and his Ed.D. from the University of Tennessee in 1968.

Dr. Butler is a former Vice President for Recreation of the Florida Association of Health, Physical Education and Recreation. He is also a member of the American Association of Health, Physical Education and Recreation; the National Recreation and Parks Association; the National Intramural Association; the Society of Park and Recreation Educations and the International Committee for Sociology of Sport.

SSC's ATHLETIC DIRECTOR



Deane Deshon came to Salisbury State in 1962 and he immediately began to build and rekindle the baseball and basketball programs. He began as physical education instructor and in 1971 was named Athletic Director.

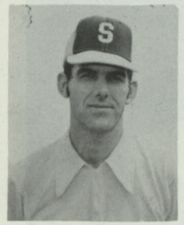
A native of Maine, Mr. Deshon did his undergraduate work at the Maine Maritime Academy and University of Maine. He holds a M.A. degree from the University of Maryland.

With the number of varsity sports growing to ten over the past few years and the intramural program developing rapidly, the AD's task has become increasingly more difficult.

SEA GULL FOOTBALL COACHES

Much of Salisbury's success in football in the two years the Sea Gulls have been playing is due to the coaching of Dick Yobst and his assistants M.P. Minton, Chet Hanulak, Mike McGlinchey and Mickey Kwiatkowski.

Not one of the coaches is limited just to football as each has another job at Salisbury State or in the town. Coach Yobst believes this to be an added strength to the football program at Salisbury. "The variety in backgrounds, personalities and jobs is an added strength in dealing with the players. All the players can find some coach to talk to."



HEAD COACH DICK YOBST

A native of Oxon Hill, Md., Dick Yobst graduated from Western Maryland College where he earned a B.S. degree in Physical Education in 1963. He was a four-year football letterman and was co-captain of the Western Maryland team his senior year. He also earned honors as a three year all-Mason-Dixon Conference End, and all-Middle Atlantic Conference Player, all-Maryland Small College team and Methodist all-American in 1962. He was also a two-year letterman in football at Oxon Hill High and a co-captain of the team his senior year.

During the 1963-64 year, Dick was named Soccer and Gymnastics Coach at Taney Junior High School, Prince George's County. He also served as Assistant Football Coach and Junior Varsity Coach at Oxon Hill High. At the end of the year, Dick was awarded a Masters degree from George Washington University.

Dick came to Salisbury in 1964 when he became Head Football Coach and Assistant Track Coach at James M. Bennett Senior High. He organized the Bayside Conference, was Chairman of the District V Football Committee and a member of the committee which wrote the curriculum guide of Family Life and Health Education.

He joined Salisbury State in 1969 when he was appointed Assistant Dean of Students. Before being named Head Football Coach in December 1971, Dick coached the track team. He also served as Director of Placement for four years.

M. P. MINTON

M.P. Minton, a Salisbury native, was a 1962 graduate of the University of Maryland, majoring in History. He has also received his M.A. in Public School Administration from Maryland in 1966. The Sea Gulls' Defensive Line Coach also attended Syracuse University from 1957 to 1958 where he was a member of the undefeated Syracuse University freshmen team.

Well known locally, M.P. was Vice-Principal of Bennett Junior High for three years. He also served as Line Coach and Assistant Track Coach at Wicomico Senior High for five years while teaching Histroy.

Since joining the Sea Gulls in 1970 as Associate Director of Admissions, M.P. has also helped start the golf program. He was appointed the first Golf Coach at Salisbury in 1971 and held that job for two seasons.

CHET HANULAK

Offensive Backfield Coach Chet Hanulak is a former professional football player with the Cleveland Browns and a star running back for the University of Maryland. Chet was a 1953 all-American. He was a member of the Terrapins victorious 1951 Sugar Bowl team as well as the 1953 squad that lost to Oklahoma, 7-0, in the Orange Bowl.

Drafted by the Cleveland Browns in 1954, Chet was selected "Professional Rookie of the Year" in the NFL after a great first year. He scored one touchdown in the Browns victorious, 57-14, NFL Championship game over the Detroit Lions. His best game was a three touchdown effort against the Pittsburgh Steelers.

Chet joined the Air Force as a Second Lieutenant in 1955 where he coached and played on the Bolling Air Force team for two years. He returned to civilian life in 1957, but a knee injury that season with the Browns resulted in his retiring from professional football.

Chet is the manager and owner of the Super-Clean Car Center on South Salisbury Boulevard.

MIKE McGLINCHEY

A native of the State of Washington who grew up in Newark, Del., Mike McGlinchey received his B.A. in Physical Education from the University of Delaware in 1967. While at Delaware, Mike was awarded six varsity letters including three in wrestling and one each in football, soccer and baseball. In his senior year, he received the Outstanding Senior Athletic Award and the W.S. Red Tawes Award, presented to the most outstanding wrestler.

Mike also received his M.A. in Education-Administration from Delaware.

Mike was a three-letter-man in football, wrestling and baseball at Newark High and as a Junior he won the State 103-pound championship in wrestling. Following his college career, he served in the Army, winning both the Fifth Army 191-pound wrestling championship while at Ft. Leonard Wood, Missouri, and the U.S. Army European Command 191-pound Championship at Baumholder, Germany.

Besides serving as the Defensive Coordinator for football, Mike is also head Wrestling Coach and Assistant Baseball Coach.

SEA GULL FOOTBALL COACHES (CONTINUED)

MICKEY KWIATKOWSKI

Mickey Kwiatkowski rounds out the coaching staff. Mickey, a native of Clifton Heights, Pa., received his B.A from the University of Delaware in 1970. He was a two-year letterman on Delaware's MAC Championship team and Lambert Cup winning squads. He participated in two Boardwalk Bowl games and was voted all-MAC as a guard his senior year.

During the next year, Mickey was Line Caoch for the Delaware freshman football team and the varsity during the spring drills. He earned his Masters of Education degree from Delaware in 1971. Before joining Salisbury State in 1973, Mickey spent two years in the Army as Chief of Instructor Training Branch of Instructor Methods Division of the Army Security Agency Training Center and School at Ft. Devons, Mass.

Mickey serves as the Offensive Line Coach. He is also the Assistant Director of Housing.

JOHN WATSON (Student Assistant)

John Watson returns to Salisbury as a student assistant after a brilliant career of collegiate football. Last year, in his final season of eligibility, Johy was co-captain of the Sea Gulls' squad. He played strong side linebacker as well as handling much of the kicking work.

The team's leading scorer, he intercepted three opponents passes last season, returning all three for touchdowns. He scored a total of 56 points, including four field goals and 26 extra points.

John's outstanding football attributes were acknowledged this summer when he was signed as a free agent by the Washington Redskins. He stayed with the squad of coach George Allen for six weeks before being placed on waiver. John also played football for the University of Miami.

A physical education major, he plans to graduate in December.

SALISBURY STATE COLLEGE

Founded in 1925, Salisbury State College is a co-educational, fully accredited four-year liberal arts college located in the heart of Maryland's historic Eastern Shore.

The college offers 28 undergraduate programs leading to the Bachelor of Arts and Bachelor of Science degrees and graduate programs leading to the Master of Education Degree and the Master of Arts Degree in History. Salisbury also offers the College Level Examination Program (CLEP) making possible credit for learning acquired outside the classroom; Advanced Placement to offer immediate sophomore standing to qualifiers who take exams; internships (work-study) in special areas; a Summer Educational Experience (SEE) Program for some students to be admitted who ordinarily would not qualify; and a number of credit and non-credit courses given at night for students as well as area residents.

Salisbury State also offers a wide variety of cultural and athletic activities. Concerts, lectures, plays and films are some of the cultural activities that visit the campus. The college offers 11 men's and seven women's varsity sports. An intramural program is also developing.

Salisbury is the fastest growing State College in the State of Maryland public system of higher education. It is governed by the Board of Trustees of the State Colleges and is supported by appropriations authorized by the State Legislature. The estimated undergraduate enrollment for 1974 is 2600 men and women.

A Look At Trenton State

THE COLLEGE –

Within the past several years Trenton State College has evolved from an institution concerned primarily with teacher education into a major, multi-purpose college offering comprehensive undergraduate and graduate programs in more than 50 areas of study. This has been the most significant single development in its 119-year history, and one which has stimulated the enrollment growth of the past decade. Change in academic offerings, facilities and services reflect primary concerns for providing students with an education for successful living by combining the knowledge and skills fundamental in the professions with courses designed to broaden the vision and enrich the personal life of the individual. Undergraduate programs are offered within a School of Arts and Sciences, a School of Education, and the Divisions of Business, Nursing, and Industrial Education and Technology.

In addition to fulfilling its basic function of instruction, the college recognizes its responsibility to provide leadership and service to the community. The wooded suburban campus is a short distance from Trenton city center and one hour to New York and Philadelphia. Many educational and cultural opportunities are within easy access to the interested student. Community involvement by students, faculty and staff is encouraged in a wide variety of non-credit programs, workshops, and courses are offered to individuals of varying ages and backgrounds.

OUTLOOK –

When former football coach Peter Carmichael left Trenton State in 1973 to become Defensive Coordinator at Columbia University, Dick Curl – Offensive Coordinator during Carmichael's reign – was hired by the Trenton State College Athletic Department to fill the vacancy. A University of Richmond graduate, the 34-year old Curl has been a football coach since 1962 who brought invaluable experience to the TSC team that finished 7-3 last season.

The 1974 TSC football team will be facing its toughest schedule in years. Leading the 34 returning lettermen are co-captains, Eric Hamilton, who last year was the center on the All-E.C.A.C. College Division All-East team, and Ken Masuhr, a defensive back and one of the leading punters in the NCAA (39.1 average).

Also returning are both of last year's quarterbacks Eric Dietz and Glenn Sliker. Running backs, Mark Mirabelli, Ike Eldridge, Bob Easton and Steve Peters, are also returning to power the offense. Receivers, Roger Bigos, perhaps the best in the League, Keith Taylor, Stu Jago and Charlie Harshaney are being counted on to catch the football in the Lions balanced offense.

Rich Rosenblatt, Bob Walczak, Dan Chomko, Greg Ficarra, Drew Daly, and Larry Consolvos will provide the blocking for the Lions.

The strength of Trenton State should be in its defense. Seniors Rich Draina, Glenn Carson, Barney Griggs, and John Berei will provide the linebacker strength.

Mike Dumin, Steve Gill, Doug Prefach, Ed Salvi, Sheldon Bird and Keith Watters will anchor the defensive end positions. The experienced defensive secondary will be lead by Bill Otto, Rocky Flammia, Bob Fallon, Jon McCall, Terry Bradway, Mike Oswald and Paul Schneider.

Jim Stanko's left foot provides the kickoff and extra point duties, Stu Jago is counted on to return kickoffs and punts.

The Lions pre-season outlook seems to look very bright, with a good mixture of returning veterans and newcomers. With its outstanding defense and its balanced offense Trenton State could be right in the thick of the New Jersey College Athletic Conference Championship race.

The SSC Marching Band

The Salisbury State College Marching Sea Gulls, under the direction of Charles F. Smith, Jr., welcome the sports and music enthusiasts who have again chosen to enjoy this country's #1 spectator sport, college football.

During the pre-game show, the band follows the national trend of announcing their presence with an opening fanfare, immediately continuing with a "Regal Entrance" reminiscent of the Napoleonic Era. The peak of the action occurs as the marchers perform a strenuous drill to a new musical arrangement of "When Johnny Comes Marching Home".

Everyone will then be asked to stand and join in the singing of the Salisbury State College Alma Mater and the National Anthem.

The pre-game show will conclude as the band plays the SSC Fight song as the team takes to the field.

The theme of today's halftime presentation literally takes us South of the Border to what is called Latin America. The flavor of Latin music is diverse. Some of the music is native to the Indian, other melodically and harmonically influenced by the Spanish-Portuguese heritage, and most of the sounds have a noticeable contribution of African rhythm all liberally sprinkled with some North Americanism.

What better way to begin than to visit the Carribbean for a touch of nostalgia in the Lucille Ball/Desi Arnaz - popularized song entitled "Cuban Pete". Watch for the big ending! "El Manisero", commonly referred to as "The Peanut Vendor" in this country is another Cuban product, composed by Moises Simons. This arrangement seems to musically correlate with what may be an argument between two vendors as to the quality of their peanuts. We hope you enjoy the "outcome" of this interesting exchange.

Quickly traversing the Gulf of Mexico to the Republic of Mexico, we find ourselves at the bullfights, the spectacle, atmosphere, and music reminding us of this republic's Spanish heritage. While we have no bull or matador, we do have the song long associated with this event, "La Macarena". The merger of rock and Latin music was inevitable as evidenced by the popular music of Santana. The band displays a complex "sliding box" maneuver as they play his "Para Los Rumberos".

There is little melody or harmony in Latin music, the primary element being rhythm as exhibited by the percussion section in the finale of today's halftime entertainment. The music is "El Cumbanchero", literally translated as "one who has a good time" and as you will see, our percussionists follow the translation.

Looking ahead to next week, you will certainly not want to miss the band's musical excursion into "The Magic of Fire".

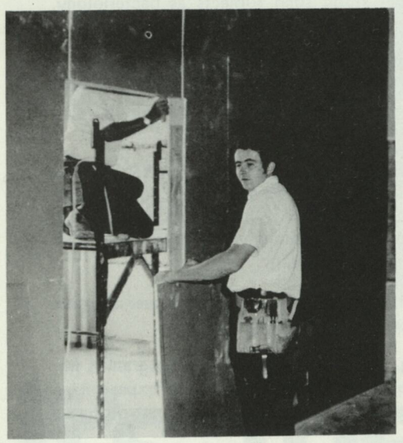
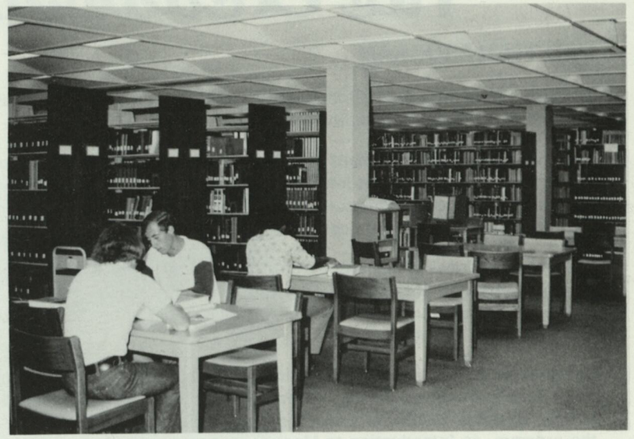
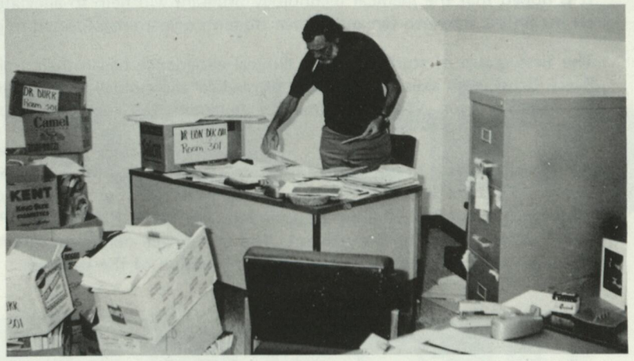
Expansion at Salisbury State



Construction continues in Holloway Hall even as offices become occupied.

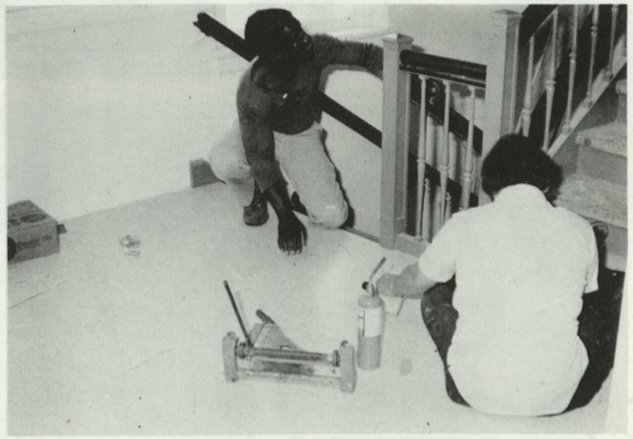


The Blackwell Library gets plenty of use, even during the summer.



Dr. Fred Durr moves in on the 3rd Floor of Holloway Hall.

New books are shelved at Blackwell Library.



Running Back Levi Shade assists in the laying of tile in Holloway Hall during the summer.

The Academic Side

MED-TECH PROGRAM

Salisbury State in cooperation with the University of Maryland Eastern Shore and Peninsula General Hospital, now offers a medical technology major.

The medical technology major, which is available to students at both institutions, calls for a three-year undergraduate program with concentration in chemistry and biology. The fourth year of the program involves a year-long clinical experience at Peninsula General Hospital, where the student will study such subjects as bacteriology, biochemistry, clinical microscopy, hematology, histology, microbiology, parasitology, and serology.

The program draws its strength from the cooperation of the three institutions. Peninsula General Hospital, which currently offers an X-ray technology program and a nursing program, has an excellent clinical staff and educational facilities, which include the Avery Hall Educational Center. SSC and UMES already offer the courses required in the first three years of the program.

Coordinated scheduling of the required science classes for students at the two campuses will insure efficiency and flexibility, and the program will draw from the strengths of each institution's staffing. Biochemistry, for example, will be taught at UMES. In order for the medical technology student at SSC and UMES to become acquainted with the program, an Introduction to Medical Technology Course is available during the freshman year. This course, to be offered at PGH, will provide an overview of and exposure to the field of medical technology.

It is hoped that the medical technology program will help to alleviate the critical shortage of medical technologists on the Shore. Between ten and fifteen students a year are expected to graduate from the program.

The first group of students in the clinical experience began their training July 1. Coordinating the program is Mr. Barry Grosky, an assistant professor of medical thchnology at SSC. Director for the fourth-year clinical experience is Dr. James Norton, Clinical Pathologist at Peninsula General. Dr. Norton also holds the rank of adjunct professor at SSC.

Overall supervision of the program is the responsibility of the Medical Technology Committee comprised of Mr. Grosky, Dr. Norton, Dr. Edward Shaffer, chairman of the SSC Chemistry Department, Dr. Robert Hedeen, chairman of the SSC Biology Department, Dr. Steve Rebach, Dr. P. James Doyle, and Mr. William Hull of the UMES Natural Science Department. The committee considers such matters as admission policy, curriculum, and placement and will conduct an on-going evaluation of the program.
